Sir,

Subject - Fixing a pump to the existing well near the dry cattle-shed in the Municipal Farm at an estimated cost of Rs.7900/-.

With reference to your letter No 5755 dated 11th December, 1944 calling for certain particulars, on the above subject I have the honour to state as follows -

1. The urgent necessity to incur such a heavy expenditure at present, is to take up cultivation of vegetables and fruits, in the newly acquired lands, exceeding over 50 acres

2 The well in question is not in use now It is a big old abandoned well, with plenty of water, and capable of irrigating a vast area

3 As it is not desirable to allow the newly acquired fertile lands to lie fallow without growing remunerative crops, the work cannot be conveniently put off at better times in the interest of increasing the revenue of the Sewage Farm and increasing the growth of vegetables

4 The exact budget head from which the expenditure is to be met is under 'Municipal Farm-'Improvement works' of the current year

In the circumstances stated above, the estimate for Rs 7900 may kindly be sanctioned at an early date

I have the honour to be,
Sir,
Your most obedient servant,

PRESIDENT
